February 14th, 2023

To Principal Judy O'Meara; Director of Pupil Services and Special Education Amy Emory; and Assistance Director Elisa Fabiszak;

I am resigning from my position as the school psychologist at Colchester Elementary School with mixed emotions. It has been my honor to serve in this position for almost 20 years with amazing staff who are talented, professional, and dedicated to educating our youngest learners. I have recently relocated to New York to be closer to family and I have spent this current school year in transition, working away from my new home. This decision to leave during the school year and the hardship this may cause my school family did not come easily. Due to the sadness and stress of being away from my spouse and an opening for a school psychologist position close to my New York home, I made my choice to take better care of myself and resign. I extend my gratitude and appreciation to my heroes: my Colchester Elementary School colleagues.

Respectfully submitted,

Kathy Wonderly
